What you will need:

- Scissors and/or cutter. Be careful! Always seek help from an adult when cutting!
- Glue stick

Instructions

1. Print the PDF

If your printer does not print color you can print only the last two pages and have fun coloring Dormaco yourself

2. Cut Out the Doll

- Carefully cut along the solid lines around the paper doll.
- Be sure not to cut off the base (if included), as it helps the doll stand
- Be sure to make small cuts on the head, above and below the arms (as indicated by the arrows). You will need them to hold items!

3. Cut Out Clothes and Accessories

- Cut along the solid outlines of each clothing piece or accessory.
- Leave the paper tabs attached – you'll need them to secure the clothes to the doll.
- Fold the tabs following the dotted lines.

4. Give Dormaco Accessories and Clothes

- Insert the tabs into the cuts to make Dormaco hold your favourite objects.
- Fold the tabs behind the doll to attach the shirts, backpack and glasses.

6. Have Fun!

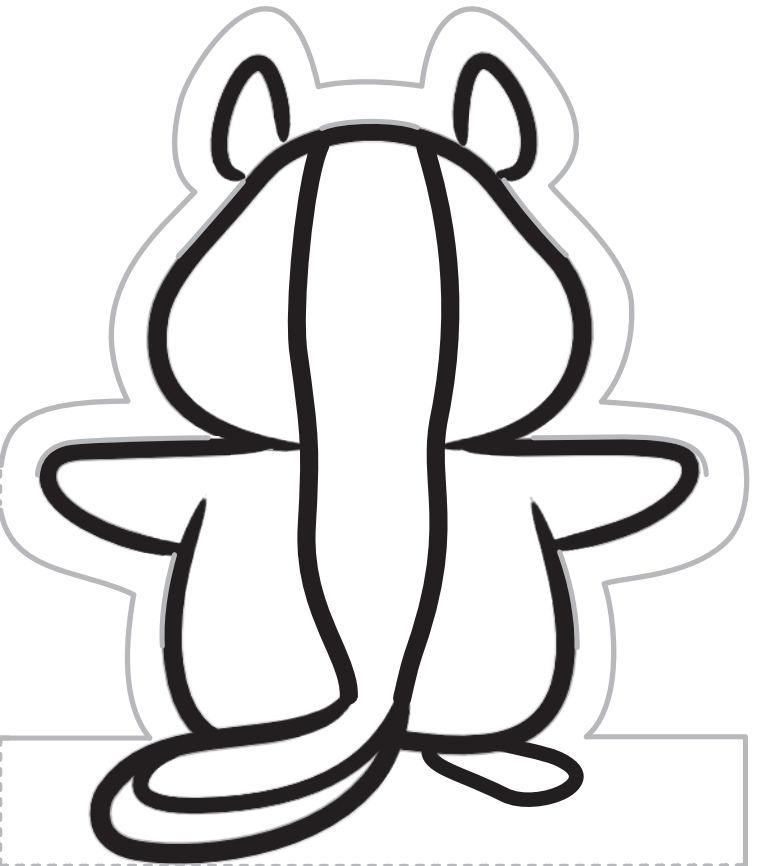

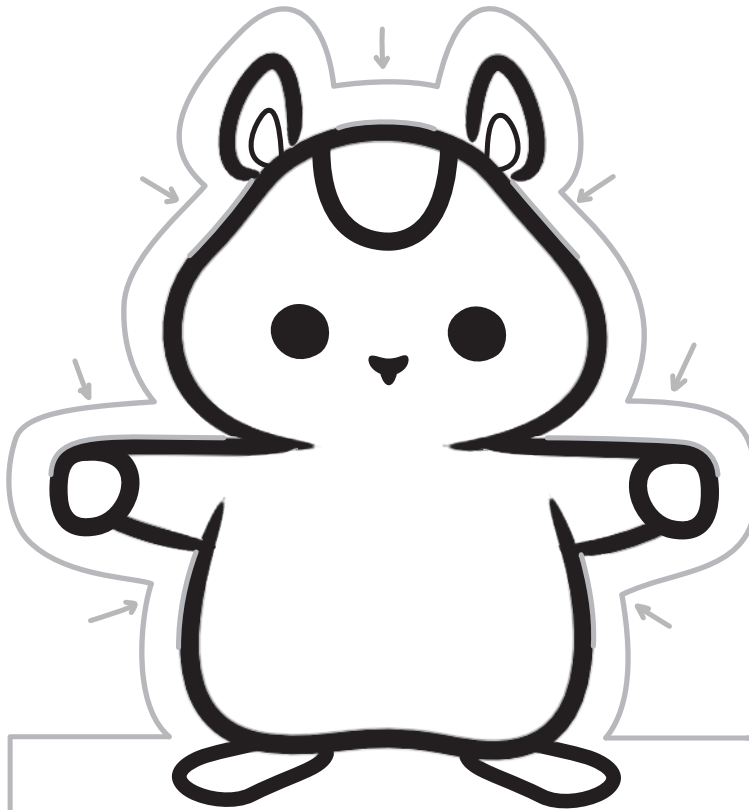

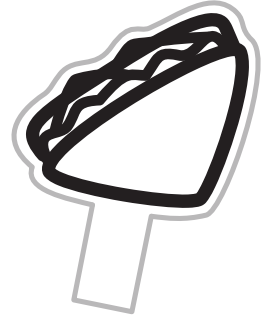

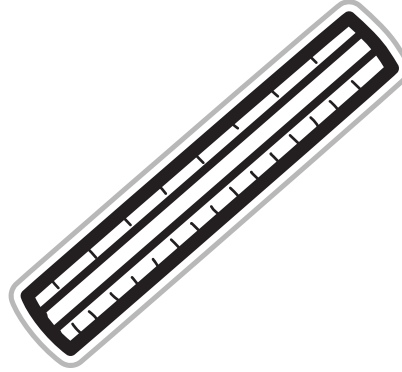

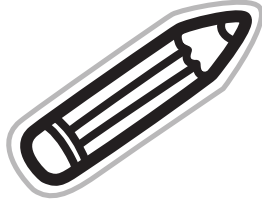

- Mix and match different looks.
- You can also design and draw your own clothes on extra paper.
